FINANCIAL AGREEMENT

We are committed to providing you with the best possible care. If you have medical insurance, we are qualified to help you receive your maximum allowable benefits. In order to achieve these goals, we need your assistance, and your understanding of our payment policy.

Vein Surgery Patients: As a courtesy, we will send your photos and medical information to your insurance company. The letter will request that your insurance company send you a letter stating whether these procedures/supplies are covered and how much they will pay. This letter is normally sent out within 1 week of your first visit to our office. If you do not hear from your insurance company within 4-6 weeks, we recommend that you contact them for their response. We have no control over whether they respond to this request. (This letter will not be sent to Medicare or secondary insurance since they do not require it).

Payment for services not covered by insurance is due at the time services are rendered unless payment arrangements have been approved in advance by our management. All other balances must be paid within 90 days of the date of service. Returned checks and balances older than 90 days will be subject to additional collection fee of \$25 and interest charges of 1 ½% per month.

We require at least a two (2) week notice for all vein surgery cancellations. A \$200.00 fee will be charged if a two (2) week notice is not given.

You must realize, however, that:

- 1. Your insurance is a contract between you, your employer and the insurance company. We are not party to that contract.
- 2. Our fees are considered to fall within the acceptable range by most insurance companies. This statement does not apply to insurance companies who reimburse based on an arbitrary "schedule" of fees, which bears no relationship to the current standard and cost of care in this area.
- 3. Not all services are a covered benefit in all contracts. Some insurance companies arbitrarily select certain services they will not cover.
- 4. Midwest Vein and Laser and doctors participate ONLY with the insurance companies listed on our current information sheet.
- 5. For Medicare Risk Plan HMO patients, we do not participate with your HMO, therefore you will be responsible for all charges out of pocket.
- 6. For Medicare patients, we do accept assignment with Medicare. Therefore, we will file your vein surgery claims to Medicare and you will be responsible for the Medicare co-insurance amount and deductible. You will be responsible for payment of any non-covered, cosmetic services/supplies and no claim will be sent to Medicare.
- 7. Any insurance payment paid to you by your insurance company must be paid to Midwest Vein and Laser, Inc. within one (1) week of receipt. If payment is not received in full, this money will incur a monthly 1.5% interest charge.

We must emphasize that as medical care providers, our relationship is with you, not your insurance company. While filing of insurance claims is a courtesy that we extend to our patients, all charges are your responsibility from the date the services are rendered. We realize that temporary financial problems may affect timely payment on your account. If such problems do arise, we encourage you to contact us promptly for assistance in the management of your account.

I request that payment of authorized Medicare/Insurance benefits are made to Midwest Vein Treatment Clinic, Inc. for any services furnished to me by that physician. I authorize release to the Health Care Financing Administration or said insurance company and its agents any medical information about me needed to determine these benefits or benefits payable for related services.

I have read and fully understand the above statements regarding payment policies and agree that I am responsible for any fees incurred on account of services provided to me.
